

# SLIMMER

Inspired by the iconic Japanese snack, it redefines the possibilities of crispiness. With its unique capacity and precise control, this machine delivers unprecedented results.

## MECHANICAL GRILL PRESS

### Precise temperature control

Slimmer controls the temperature from 0 to 240°C while pressing any ingredient to a thickness of up to 1 millimeter.

### Variety of ingredients

Proteins, vegetables, doughs, and sweet snacks. Slimmer transforms any ingredient in just 2 minutes.

### Thin and crispy format

Thin, crispy, freshly made snacks with a unique appeal.

### Design

Compact and easy to handle, it adapts to any space and is very simple to use.

## PERFECT FOR ANY GASTRONOMIC PROJECT

## WE RECOMMEND

### Teflon Slimmer Pack, ref. 30/3019

To work with greater speed and delicacy, keeping the machine always clean and with the possibility of changing flavors at any time.
